**SUPERIOR WALLS®**  
**THE SMART FOUNDATION SOLUTION**

For building efficiency, long-term sustainability, and superior new-home comfort, *Superior Walls* is the *SMART* foundation system. Custom-designed and built to demanding specifications, only a *Superior Walls* foundation provides assurance to architects, builders, and new home buyers that your new home will be dry, warm, and smart.

Make the most of your home-building budget. Discover why a home built on a *Superior Walls* foundation provides greater living space for less—with superior living features.

**THE SUPERIOR ADVANTAGE**

Your *Superior Walls* foundation includes all these green-building advantages:

1. Supports green, sustainable construction
2. Continuous layer of insulation reduces thermal bridging
3. Helps meet building envelope thermal requirements
4. Precast assemblies optimize material usage
5. Reduces on-site waste
6. Reduces construction time

# THE BEST FOUNDATION

SENSIBLE. DURABLE. GREEN. SUSTAINABLE.

*"The Superior Walls system provides the highest quality, most green, and most efficient foundation products in the world."*

*"Converting the world to insulated precast concrete walls and foundation products."*

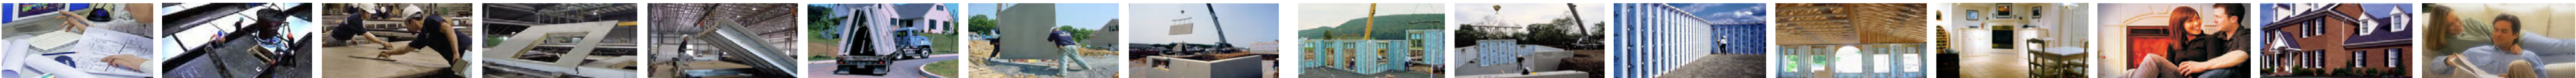

# BUILD YOUR DREAM HOME ON A SUPERIOR FOUNDATION

*Superior Walls* insulated precast concrete foundation walls have more than 30 years of success in new home construction, with more code related testing than any other precast concrete foundation on the market.

Energy-friendly *Superior Walls* foundations are the green and sustainable building solution which saves valuable natural resources by reducing energy leakage, lowering energy consumption, improving indoor air quality, and reducing jobsite waste.

Evaluation Report (CCIMC-13628-R) is available at [www.superiorwalls.ca](http://www.superiorwalls.ca).

## SUPERIOR DESIGN

For residential architects, *Superior Walls* is the best solution when you are looking for a smart foundation system that offers easily accessible CAD details, concise specifications, state of the art shop drawings, quality controlled manufacturing and certified installation; a system that delivers:

*"We move from concept to completion more quickly and efficiently... design approvals run far more smoothly..."*

## SUPERIOR CONSTRUCTION

*Superior Walls* products are created in a controlled factory environment to ensure that your new home's foundation will be built to the industry's highest standards. And *Superior Walls* foundations can be customized to nearly any architectural style.

## SUPERIOR COMFORT

As a new homebuyer, you demand a smart foundation that offers sustainability, efficiency, family comfort, and added living space in your basement that matches the comfort in the rest of your home. Your solution is *Superior Walls*.

*"...builders and homeowners will see their basement possibilities in a whole new light."*

## SUPERIOR LIVING

Discover why America's smart homebuyers and homebuilders build their homes today only on a *Superior Walls* foundation system—and why homeowners say *Superior Walls* has made their basement, "*The Best Room In The House!*"

*Smart. Efficient. Adding more home — and more home value. More affordably.*

# THE BEST ROOM IN THE HOUSE

## THE HIGHEST-QUALITY. THE MOST GREEN. THE MOST-EFFICIENT FOUNDATION ON EARTH.

- Dimensional Accuracy
- Long-Term Sustainability
- Energy Efficiency
- Third-Party Inspected Quality
- Verified Code Compliance Under Evaluation Report (CCMC-13628-R)

*Superior Walls* is the sensible foundation solution for smart and savvy architects.

**BEST ROOM IN THE HOUSE:**  
*Added living space lets you plan & design the industry's finest and most efficient homes!*

## ARCHITECTS

*"My custom design options are virtually unlimited with *Superior Walls*..."*

**ONLY SUPERIOR WALLS PROVIDES:**  
*an accurate building foundation for framers, comfortable basement living space and lower energy costs for consumers, and a wise use of the Earth's resources.*

## BUILDERS

*Superior Walls* is your solution when you are looking for the smart foundation that offers:

- Reliable Scheduling
- Efficient One Day Installation
- Ready To Finish Convenience
- Superior Energy Performance

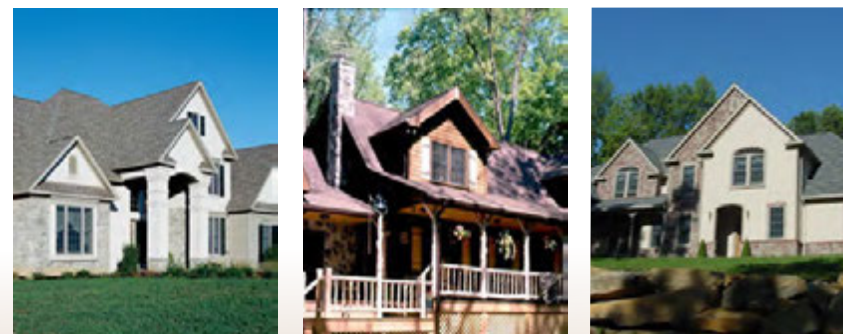

*"Faster...stronger... with factory precision..."*

When building a new home, energy codes require that the basement living spaces be insulated. That's why our foundations feature insulation bonded directly to the concrete, resulting in a wall that meets most energy code requirements "as-delivered" and still provides the opportunity to add even more insulation on site for maximum energy performance. You'll add valuable living space to your home with all of these standard *Superior Walls* features:

- Pre-Insulated Wall Panels
- Space For Adding Even More Insulation
- Straight Stud Facings For Easy Drywalling
- Convenient Holes For Wiring & Plumbing
- Dry And Quiet Living Space

Lower your energy costs and increase your home's living space and value—only with *Superior Walls*.

**SUPERIOR WALLS OFFERS HOMEOWNERS & BUILDERS**  
*Custom design flexibility for building any popular home style — along with the freedom to easily & affordably create valuable additional living space below grade.*

As a new homebuyer, you care about your family's comfort, lowering your energy costs, and utilizing the earth's resources wisely. That's why *Superior Walls* is the foundation for your superior new home.

Listen to homeowner and builder testimonials on our YouTube link. Like the tens of thousands of smart homeowners who are living with *Superior Walls*, you'll agree that *Superior Walls* is the sensible foundation solution for today's smart homeowner.

*Our new Family Home Theater quickly became the envy of all our friends! Now, thanks to *Superior Walls*, our new basement has become our favorite getaway spot... "*The Best Room In The House!*"*
